

POSITIONS

The Animal Justice Party (AJP) applies its core values of Kindness, Equality, Rationality and Non-violence in all areas.

PANAMA PAPERS

What is a position?

Whilst the policy focus of the Animal Justice Party (AJP) is on animals and nature, we also have positions regarding non-animal matters which are important to the voting public. Voters must know how AJP representatives will vote on important non-animal issues. These positions bind our MPs but are not to be a campaign focus ahead of animal issues. All AJP positions, like this one, must flow from our four core values: Kindness, Equality, Rationality and Non-violence.

Corruption

The Animal Justice Party (AJP) relies upon our core values of Kindness, Equality, Rationality and Non-Violence in forming our position to stamp out corruption in all of its forms and in all levels and arms of government. Corruption is insidious and undermines the rule of law, destroys public confidence in government and seeks to give power, influence and resources

to a privileged few with criminal and unethical intent to the detriment of the broader community. Corruption is also often detrimental to animal and environmental protection.

The AJP supports the efforts of integrity and accountability agencies that oversee our democratic processes including our electoral commissions and anti-corruption agencies. The AJP supports all efforts to improve equity, transparency, integrity and accountability in local, state and federal government elections and decision-making. Specifically, we encourage the strengthening of state-based anti-corruption watchdogs and the introduction of a federal Independent Commission Against Corruption (ICAC).

Internally, AJP representatives will maintain high ethical standards with zero tolerance towards corruption; the AJP will promptly refer any matters it is aware of involving corruption to the relevant authorities.
